 14       amount of the member's service retirement annuity would exceed the amount of his  
 15       or her total and permanent occupational disability annuity, as determined by the  
 16       board under this section, then the member may elect to receive an additional service  
 17       retirement annuity payment equal to the amount by which the member's service  
 18       retirement annuity would have exceeded the amount of his or her total and  
 19       permanent occupational disability annuity, in addition to the member's disability

(d) Payment of the disability~~[this]~~ annuity as provided by this section shall be made during disability of the member. After the member's death, his eligible widow, if any, shall receive the benefits as provided in KRS 67A.492, and his minor children, if any, shall receive benefits as provided under KRS 67A.450.

- (2) Any annuity for nonoccupational disability shall begin to accrue upon the expiration of ninety (90) days following the commencement of disability provided that if the member is receiving salary for sick leave for a period of more than ninety (90) days, payment shall accrue from the date such salary ceases. If written application for such annuity shall not have been filed with the board prior to the expiration of ninety (90) days from date of disability, the annuity shall begin to accrue from the date the application shall be filed but not prior to the expiration of ninety (90) days from the date of disability, nor in any event prior to the time when salary payments to the employee shall have ceased.

➔ Section 11. KRS 67A.492 is amended to read as follows:

- (1) (a) Upon the death of a retired member, his or her surviving spouse shall receive an annuity equal to sixty percent (60%) of the member's final annuity, or of

the member's final rate of pay, whichever is greater.

**(b) Upon the death of a member who withdraws on a certificate as provided by subsection (3)(a) or (b) of Section 5 of this Act, his or her surviving spouse shall receive an annuity equal to sixty percent (60%) of the member's service retirement annuity.**

**(c)** The surviving spouse must have been married to the member for at least three (3) years prior to the member's death or six (6) months prior to the member's retirement **or withdrawal on a certificate as provided by subsection (3)(a) or (b) of Section 5 of this Act,** in order to be eligible for the benefits provided in this section. Effective April 4, 2006, the benefits provided by this section shall be made eligible to surviving spouses of any retired member who died on July 14, 2000, or thereafter.

(2) Any member who retires on July 15, 1990, or thereafter, **and any member who withdraws on a certificate as provided by subsection (3)(a) or (b) of Section 5 of this Act,** shall have the option at retirement **or upon application for a certificate** to purchase an increased annuity allowance for his or her surviving spouse. The amount of any such optional survivorship allowance shall be actuarially equivalent to the amount of retirement allowance otherwise payable to the member. The member may elect either of two (2) options:

(a) Survivorship seventy-five percent (75%). The member may elect to receive a decreased retirement allowance during his or her lifetime and have seventy-five percent (75%) of such retirement allowance continue after the member's death to his or her eligible surviving spouse until the surviving spouse's death.

(b) Survivorship one hundred percent (100%). The member may elect to receive a decreased retirement allowance during his or her lifetime and have such retirement allowance continued at the same rate after the member's death to his or her eligible surviving spouse until the surviving spouse's death.

1        ➔Section 12. KRS 67A.500 is amended to read as follows:

- 2        (1) Upon withdrawal from service prior to retirement, a member shall be entitled to  
3        receive a refund of the amount of contributions made by the member or picked up  
4        by the urban-county government pursuant to KRS 67A.510(2) after the date of  
5        establishment, without interest. Payments of picked up employee contributions shall  
6        be subject to state and federal tax as appropriate.
- 7        (2) Any member receiving a refund of contributions shall thereby ipso facto forfeit,  
8        waive, and relinquish all accrued rights and benefits in the system, including all  
9        credited and creditable service. The board may, in its discretion, regardless of cause,  
10       withhold payment of a refund for a period not to exceed six (6) months after receipt  
11       of an application from a member.
- 12       (3) Any member who has received a refund shall be considered a new member upon  
13       subsequent reemployment if such person qualifies for membership under KRS  
14       67A.360 to 67A.690. Any member who is reemployed after withdrawing from  
15       service and who received a refund of contributions shall, within ninety (90) days of  
16       his reemployment or prior to retirement, whichever occurs first, make a repayment  
17       to the system of the amount or amounts previously received as a refund, including  
18       interest at the rate determined by the board to be the actual rate of return on  
19       investments made by the board, but not less than three percent (3%) per annum,  
20       from the dates of the refund to the date of repayment, compounded annually. Upon  
21       the restoration of such refunds, such member shall have reinstated to his account all  
22       credited service represented by the refunds of which repayment has been made.  
23       Repayment of refunds by any member shall include all refunds received by a  
24       member prior to the date of his last withdrawal from service, with interest, and shall  
25       be made in a single lump sum payment. Repayments shall not be picked up by the  
26       urban-county government. If repayment is not made within the specified time  
27       period, the member shall have forever forfeited, waived, and relinquished the right

1 to have reinstated to his account the credited service represented by the refunds for  
 2 which repayment was not made, but shall not be precluded from purchasing service  
 3 credit as provided in KRS 67A.402 if the member began participating in the fund  
 4 prior to the effective date of this Act.

- 5 (4) Any member who has received, or who is entitled to receive, a refund, but who  
 6 within six (6) months of becoming entitled to receive such refund, qualifies for  
 7 membership under the provisions of a fund in effect in another government, or city  
 8 of the second class, adopted pursuant to law, shall have the option of paying his  
 9 refund into such other fund, in which event he shall be deemed a member of such  
 10 other fund and his account therein shall be credited with all contributions, including  
 11 those picked up pursuant to KRS 67A.510(2), and service under his original fund.

12 → Section 13. KRS 67A.510 is amended to read as follows:

- 13 (1) (a) Each active member shall contribute a sum equal to not less than ten and one-  
 14 half percent (10.5%) nor more than eleven percent (11%) of current salary, to  
 15 be determined by the legislative body of the urban-county government, except  
 16 that:

- 17 1. For members whose participation date in the fund is prior to the  
 18 effective date of this Act, the members shall, effective July 1, 2013,  
 19 contribute a sum equal to twelve percent (12%) of current salary to the  
 20 fund; and  
 21 2. For members whose participation date in the fund is on or after the  
 22 effective date of this Act, the member shall contribute a sum equal to  
 23 twelve percent (12%) of current salary to the fund.

- 24 (b) The commissioner of finance of the government is hereby authorized to  
 25 deduct such amount provided by this subsection from the salary paid to~~of~~  
 26 each active member during any pay period~~[in semimonthly installments]~~.  
 27 This contribution shall be made as a deduction from salary, notwithstanding

1           that the salary paid in cash to such member may be reduced thereby below the  
2           established statutory rate. Every member of the fund shall be deemed to  
3           consent and agree to the deduction from salary as herein provided, and shall  
4           receipt for his full salary, and payment to such member of salary less such  
5           deduction shall constitute a full and complete discharge and acquittance of all  
6           claims and demand whatsoever for the services rendered by such member  
7           during the period covered by such payment, except as to the benefits herein  
8           provided. After August 1, 1982, employee contributions shall be picked up by  
9           the urban-county government pursuant to subsection (2) of this section.

- 10   (2) The urban-county government shall, solely for the purpose of compliance with  
11       Section 414(h) of the United States Internal Revenue Code, pick up the employee  
12       contributions required by this section for all compensation earned after August 1,  
13       1982, and the contributions so picked up shall be treated as employer contributions  
14       in determining tax treatment under the United States Internal Revenue Code and  
15       KRS 141.010(10). However, the urban-county government shall continue to  
16       withhold federal and state income taxes based upon these contributions and hold  
17       them in a separate account until the Internal Revenue Service or the federal courts  
18       rule that, pursuant to Section 414(h) of the United States Internal Revenue Code,  
19       these contributions shall not be included as gross income of the employee until such  
20       time as the contributions are distributed or made available to the employee. The  
21       picked-up employee contribution shall satisfy all obligations to the retirement fund  
22       satisfied prior to August 1, 1982, by the employee contribution, and the picked-up  
23       employee contribution shall be in lieu of an employee contribution. The urban-  
24       county government shall pay these picked-up employee contributions from the same  
25       source of funds which is used to pay earnings to the employee. The employee shall  
26       have no option to receive the contributed amounts directly instead of having them  
27       paid by the urban-county government to the fund. Employee contributions picked

up after August 1, 1982, shall be treated for all purposes of KRS 67A.360 to 67A.690 in the same manner and to the same extent as employee contributions made prior to August 1, 1982.

→ Section 14. KRS 67A.520 is amended to read as follows:

The government shall make annual~~current~~ contributions to the fund ~~{on an actuarially funded basis,}~~ toward the annuities and benefits ~~{herein}~~ provided by KRS 67A.360 to 67A.690 based upon the results of the annual actuarial valuation of the fund required by subsection (6)(c) of Section 15 of this Act. These contributions by the government shall be equal to the sum of the normal contribution amount and an additional amount to be known as the actuarially accrued liability contribution amount.~~{following:}~~

(1) For purposes of this section, the normal contribution amount shall be an annual amount that, when combined with all active member contributions to the fund, is sufficient to fund the benefits earned during the year~~{resulting from the application of a rate percent of salaries of active members determined by the entry age normal cost funding method. Such rate percent shall be fixed by the board every two (2) years, within six (6) months after the actuarial study required by subsection (6) of KRS 67A.560 (actuarial survey of the fund), and shall be in effect for a period of at least two (2) years}.~~

(2) For purposes of this section, the actuarially accrued liability contribution amount shall be an annual amount that is sufficient to amortize the total unfunded actuarially accrued liability of the fund over a period of thirty (30) years, using the level-dollar amortization method, for a period beginning July 1, 2013, and ending June 30, 2043. The level-dollar amortization method shall be used to determine the government's contribution payable on or after July 1, 2013.~~{An amount resulting from the application of a rate percent of the salaries of active members which will provide each year regular interest on the remaining liability for prior service.}~~

(3) The government contribution to the fund computed under this section shall:

(a) Be determined using the entry age normal cost method;

(b) Effective July 1, 2013, and for each fiscal year thereafter, not~~[In any event,~~

or after July 1, 2013, unless the pension fund has a actuarial funding level  
equal to or greater than one hundred percent (100%) as determined by the  
actuarial valuation of the fund, in which case, the contribution payable by  
the government shall be equal to the normal contribution amount specified  
by this section; and~~[at least seventeen percent (17%) of the salaries of the~~  
~~active members participating in the fund]~~

(c) Be fixed by the board annually, in accordance with this section and based  
upon the results of the annual actuarial valuation required by subsection  
(6)(c) of Section 15 of this Act, and shall be in effect for a period of one (1)  
fiscal year. The board shall notify the government of the rates payable  
under this section following the board's acceptance of the actuarial  
valuation.

(4) In addition to other remedies provided by law, any member of the fund or any annuitant may obtain in the Circuit Court of any county in which the government is located an injunction or mandamus requiring the government to comply with this section~~[herewith]~~.

14 shall be subject to inspection of the board or any member thereof.
- 15 (4) The commissioner of finance shall, within ten (10) days after his or her selection,  
16 execute a bond to the board, with good surety, in such penal sum as the board  
17 directs, to be approved by the board, conditioned upon the faithful performance of  
18 the duties of the office, and that the commissioner shall safely keep and shall

7 periodic analyses of the operation of the fund.

8 (b) Within six (6) months after the establishment of an urban-county form of  
9 government, an actuarial study shall be made for the purpose of  
10 recommending rates, mortality, disability, retirement, separations from  
11 service, and other essential factors.

12 (c) Beginning with the fiscal year ending June 30, 2013, and each fiscal year  
13 thereafter, an actuarial valuation of the fund shall be completed by the  
14 actuary employed by the fund. The valuation shall include a description of  
15 the actuarial assumptions used and descriptive statistics on the actuarial

20 (d) At least once every five (5) years, the board shall cause~~[ Beginning July 1,~~

16 ➔Section 16. KRS 67A.580 is amended to read as follows:

17 (1) An adequate system of accounts and records shall be established and maintained for  
 18 the fund that will reflect fully the requirements of the provisions of KRS 67A.360 to  
 19 67A.690. This system shall be integrated, to the extent possible with the accounts,  
 20 records, and procedures of the government to the end that the same shall operate  
 21 most effectively and at minimum expense, and that duplication of records and  
 22 accounts may be avoided.

23 (2) All assets of the fund shall be credited according to the purposes for which they are  
 24 held in the following designated reserve accounts:

25 (a) Members' Contribution Reserve. The amounts contributed by the members,  
 26 including those picked up pursuant to KRS 67A.510(2), shall be credited to  
 27 this reserve, together with regular interest thereon as herein provided. An

1 individual account shall be maintained for each member, to which shall be  
2 credited the amounts of his contributions or amounts picked up by the urban-  
3 county government. Upon the granting of a service retirement annuity,  
4 disability annuity, or survivor's annuity or benefit, the accumulated  
5 contributions to the credit of the member concerned shall be transferred from  
6 this reserve to the retirement reserve. Refunds and death payments  
7 representing member's contributions shall be charged to this reserve.

8 (b) Employer's Contribution Reserve. The amounts contributed by the  
9 government under the provisions hereof, for service retirement annuity,

 2        ~~date of such valuation.]~~ Any deficiency in this reserve shall be removed by an  
 3        increase in the amount of government's contributions for future membership

 9        retired for one (1) year or attained forty-seven (47) years of age,  
 10        whichever is later;

11        2. The member~~[, or when he]~~ would have been retired for one (1) year or

14        3. A member who retires on or after July 1, 2013, has been retired five  
 15        (5) years or attained fifty (50) years of age, whichever is sooner; or

 17        (50) years of age, whichever is sooner, in the event the member dies on  
 18        or after July 1, 2013.

19        (b) Except as provided by paragraph (c) of this subsection, for each member,  
 20        widow, or dependent child who is eligible for an increase in retirement  
 21        annuities as provided by paragraph (a) of this subsection, the board shall  
 22        increase his or her retirement annuity ~~by:~~~~[or the annuity paid to his widow or~~  
 23        ~~dependent children by not less than]~~

24        1. Two percent (2%) per year, compounded annually, if the member,  
 25        widow, or dependent child is receiving an annualized retirement  
 26        annuity of less than forty thousand dollars (\$40,000);

27        2. One and one-half percent (1.5%) per year, compounded annually, if

the member, widow, or dependent child is receiving an annualized retirement annuity of at least forty thousand dollars (\$40,000) but less than seventy-five thousand dollars (\$75,000); or

3. One percent (1%) per year, compounded annually, if the member, widow, or dependent child is receiving an annualized retirement annuity equal to or greater than seventy-five thousand dollars (\$75,000), except that no member, widow, or dependent child receiving an annualized retirement annuity equal to or greater than one hundred thousand dollars (\$100,000) shall receive an increase in his or her retirement annuity until January 1, 2016.

(c) If the fund has an actuarial funding level greater than eighty-five percent (85%), as determined by the most recently completed actuarial valuation of the fund, the board shall, in lieu of the increase provided by paragraph (b) of this subsection, increase retirement annuities for members, widows, and dependent children as follows, provided the increase meets the requirements of paragraph (d) of this subsection:

1. For members whose participation date in the fund is prior to the effective date of this Act, who are eligible for an increase in retirement annuities as provided by paragraph (a) of this subsection, the board may increase retirement annuities by an amount not less than two percent (2%) nor more than five percent (5%) per year, compounded annually;
2. For members whose participation date in the fund is on or after the effective date of this Act, who are eligible for an increase in retirement annuities as provided by paragraph (a) of this subsection, the board may increase retirement annuities by an amount not more than three percent (3%) per year, compounded annually; and

1        3. Increases provided under this paragraph shall be in lieu of the  
 2        increases provided under paragraph (b) of this subsection.

3        (d) The board shall determine annually whether an increase in retirement  
 4        annuities can be provided under paragraph (c) of this subsection. No  
 5        increase in retirement annuities shall be provided under paragraph (c) of  
 6        this subsection, if the increase in retirement annuities will reduce the  
 7        actuarial funding level of the fund below eighty-five percent (85%)~~and~~  
 8        ~~such increase shall be determined and granted annually thereafter by the~~  
 9        ~~board~~.

10     (2) Beginning July 1, 2001, notwithstanding any other provision to the contrary, any  
 11     member, retired prior to July 1, 2013, under occupational disability, as provided in  
 12     KRS 67A.460, or nonoccupational disability shall be entitled to an increase in his or  
 13     her annuity, or in the event of death the annuity paid to his or her spouse or  
 14     dependent, after he or she has been retired one (1) year regardless of age or date of  
 15     retirement. Members retiring under occupational disability, as provided in KRS  
 16     67A.460, or nonoccupational disability, on or after July 1, 2013, shall be entitled  
 17     to an increase in his or her annuity as provided by subsection (1) of this section.

18     The amount of the annual increase shall be the same as described in subsection (1)  
 19     of this section, compounded annually, and the increase shall be determined and

 23     2001, and each July 1 thereafter.

24     (3) (a) A member who retired pursuant to the provisions of KRS 67A.360 to 67A.690

 26     his surviving spouse or eligible surviving children, shall receive an upward  
 27     adjustment in their retirement or survivor's annuity by calculation of a two

1 percent (2%) annual increase compounded from July 1, 1974, until July 15,  
2 1980, and annual increases compounded, from July 15, 1980, until July 15,  
3 1990, in the same percentage amount by which the pension board increased  
4 other pensions pursuant to subsection (1) of this section for those same years.  
5 For purposes of calculation, unless the member retired under disability, the  
6 member's or survivor's first increase shall occur after the member was retired  
7 for one (1) year or attained the age of forty-seven (47), whichever was later, or  
8 would have been retired one (1) year or reached the age of forty-seven (47),  
9 whichever was later, in the event the member died before being retired one (1)  
10 year or reaching the age of forty-seven (47). In the case of retirement under  
11 disability, no age or length of retirement criteria shall apply.

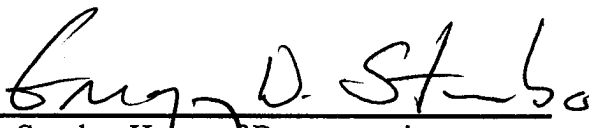

12 (b) After calculation of the new annuity level, members of age forty-seven (47) or  
13 more affected by this subsection, or survivors of a member who would have  
14 been forty-seven (47) or more in the event the member is deceased, shall be  
15 granted the same annual increase granted to retirees who retired July 15, 1980,

21 (47) or would not have attained the age of forty-seven (47) in the event the  
22 member is deceased, then the member or survivor shall receive increases of

2       pursuant to this section falls below the adjusted minimum annuity, the affected  
3       retiree or spouse shall be granted, from that time forward, the adjusted minimum  
4       annuity calculated pursuant to KRS 67A.430.

5       ➔Section 18. Notwithstanding any other provision of this Act to the contrary, any  
6       person employed by the Lexington-Fayette Urban County Government who, on the  
7       effective date of this Act, is in training for a position that qualifies for participation in the  
8       fund described by KRS 67A.360 to 67A.690, shall be considered to have a participation  
9       date in the fund prior to the effective date of this Act for purposes of determining benefits  
10      under KRS 67A.360 to 67A.690.

11      ➔Section 19. Whereas the financial integrity of the pension funds administered by  
12      urban-county governments are imperative to the public employees, retirees, and taxpayers  
13      of urban-county governments, an emergency is declared to exist and this Act takes effect  
14      upon its passage and approval by the Governor or upon its otherwise becoming law.
